

## Supply of good quality seed nut for DSP Farm, Neriamangalam

CDB DSP Farm, Neriamangalam is in need of good quality seed nuts(WCT and Dwarf) for the purpose of sowing and raising seedlings in the farm.

In this regard, Farmer collectives having disease free high yielding mother palms approved or identified by CPCRI or KAU, with following conditions shall contact the below address:

1. The garden identified should be having mother palms which have the requisite qualities as recommended by CPCRI/ KAU.
2. Should be able to supply at least a truck load ( 9 M.T. lorry would carry minimum 8000-10,000 seed nuts) of a single variety.( West Coast Tall or specific dwarf variety such as Chowghat Orange dwarf/ Chowghat Green Dwarf)
3. The identified gardens/ fields shall be visited by the CDB officials with Agri. Dept. officials for selecting and marking the palms.
4. The Farmers collectives shall co-ordinate the harvest, sorting and loading of the seednuts. Final sorting and loading of seed nuts may be done in presence of Farm officials as per the local situations/ Covid protocol.
5. Once selected, details of number of palms marked per member farmers, per palm productivity, nuts selected etc. shall be submitted to this office for records.
6. Transportation of selected seed coconut shall be arranged by the Board for which local assistance need to extended.
7. The rate for seed nut and transportation shall be based on prevailing local approved rates and further approval by the Board
8. Farmers collectives/farmers who are willing for supply of seed coconut as per the above terms and conditions shall submit suitable proposals in the below office address during office hours 8 a.m. to 5.00 pm on working days.
